College/ Program Notes:

The plan above is a suggested guide to ensure that all General Education, College, University, and Major requirements are met within 4 years of study. Students may deviate from the suggested placement of Gen Ed courses, although the M/QL and W/C requirements should be completed during the first year of study.

* The Analytical Geometry and Calculus sequence (MTH 181-182) may be substituted for the Mathematics for Business Majors sequence (MTH 148-149).

** Before choosing electives, students should consult an advisor.

Bachelor of Business Administration students are required to complete 128 hours of course work that includes university, college and major field requirements. If you enroll in courses as indicated, you will have the proper prerequisites and background for maximum benefit from these courses. We encourage you to meet with a faculty advisor prior to registering.

Depending upon other elective choices made, students may not need as many general electives as indicated above, or may need additional electives.
