Assumptions: college-level readiness in MTH & ENG; no Foreign Language Deficiency

College/ Program Notes:

The plan above is a suggested guide to ensure that all General Education, College, University, and Major requirements are met within 4 years of study. Students may deviate from the suggested placement of Gen Ed courses, although the M/QL and W/C requirements should be completed during the first year of study. If the CLASS foreign language requirement was fulfilled in High School, the eight (8) university credits listed here must still be taken in any subject in order to reach the 120 total credit hours required for the degree.

*General Electives ensure that a student accumulates the minimum credit hour totals needed for graduation. Students must have a **minimum of 120 total credit hours**, of which a **minimum of 42 credit hours** must be upper division (300 or 400-level courses). Depending upon other elective choices made, students may not need as many general electives as indicated above, or may need additional electives.

***WGS 495 Advanced Seminar Capstone is offered every other year. Students are encouraged to meet with their major advisor to plan accordingly.

University Notes:
