<i>Credit Total: 130 (minimum 120 required for degree)</i>								

Assumptions: All students seeking a B. Mus. degree must complete two approved foreign culture courses or two courses in a foreign language beyond the state entrance requirement. College-level readiness in MTH and ENG is also expected.

The plan above is a suggested guide to ensure that all General Education, College, University, and Major requirements are met within 4 years of study. Students may deviate from the suggested placement of Gen Ed courses, although the W/C requirements should be completed during the first year of study, and the M/QL requirements should be completed during the first two years of study.

\*General Electives ensure that a student accumulates the minimum credit hour totals needed for graduation. Students must have a minimum of 120 total credit hours, of which minimum of 42 credit hours must be upper division (300 or 400-level courses). Depending upon other elective choices made, students may not need as many general electives as indicated above, or may need additional electives.
