Approved Elective^^^^	3	Approved Elective^^^^	3
Area of Emphasis Elective^^^	3		
<b>Semester Total</b>	<b>15</b>	<b>Semester Total</b>	<b>12</b>
<b>MS/MS Degree Total (as listed in above sample): 9 from BS/MS + 27 in 5th Year = 36 credit hours minimum required to earn degree</b>			

The plan above is a suggested guide to ensure that all General Education, College, University, and Major requirements are met within 4 years of study. Students may deviate from the suggested placement of Gen Ed courses, although the M/QL and W/C requirements should be completed during the first year of study.

Students cannot earn an undergrad degree under this track unless they are admitted into the 4+1 program. Therefore, students should follow an undergrad track of the Bachelor of Science in Health Sciences until admitted into the 4+1 program. This may require additional sciences and social sciences. Consult with an academic advisor to discuss degree requirements.

\*Electives ensure that a student accumulates the minimum credit hour totals needed for graduation with an undergraduate degree. Students must have a **minimum of 120 total credit hours**, of which a **minimum of 24 credit hours** must be upper division (300, 400, and 500-level courses if in the 4+1 program) to earn a Bachelor of Science. Depending upon other elective choices made, students may not need as many electives as indicated above, or may need additional electives.

^Only one QL course can be applied to the M/QL requirement. The other course must be an MTH/STA course. NOTE: MS requires at least one course in College Statistics

^^Other capstone courses are available, although some may require additional prerequisites and may not satisfy WAC requirements. Please see the catalog and/or your advisor for more information.

^^^Area of Emphasis Elective at the graduate level must be chose from the following: HSC 510, 513, 523, 533

UNDERGRADUATE/Bachelor of Science in Health Sciences

GRADUATE/Master's

**Cleveland State University**  
**College of Health**  
**Health Science - Accelerated 4+1 BS/MS**

^^^4+1 Students must consult with program faculty for a list of approved electives

**University Notes:**

<b>Gen Ed Key:</b>	SS = Social Sciences (two courses from different departments**)
INTRO = Introduction to University Life (one course)	A&H = Arts & Humanities (two courses from different departments**)
W/C = Writing/Composition (two courses; C or better required)	DIV = Social Diversity (two courses; one US Diversity and one African American Experience)
M/QL = Mathematics/Quantitative Literacy (two courses)	WAC/SPAC = Writing/Speaking Across the Curriculum (three courses, one in the major; C or better required)
NS = Natural Sciences (two courses, one of which must have a lab)	CAP = Capstone
<b>** of the SS and A&amp;H courses, one must be focused on Africa, Latin America, Asia, or the Middle East (ALAAME)</b>
